Our Achievements

With the increase in the conscious decisions of drifting away from single-use plastic by many governments, the need for Paper Bags has shot up many folds. Age Graphic is proud to have sold our very first 'Paper Bag Making Machine' to one of our esteemed customers.

Our Promises

- On-Time Delivery Of Your Solution
- Best Price & Value For Your Money
- Optimized Operations
- Enhanced Efficiency & Efficacy

Our Happy Customers

"The best company to work with as they provide end to end solution."
Gayatri Koul

Our Happy Suppliers

"Working with Age Graphics has been a wonderful experience as they have helped us to achieve our sales goals."
Nikeel Kumar

What is Saddle Stitch Binding in the Printing Business?
- 11TH NOV 2021**
Custom Printed Subscription Boxes
The subscription box business has never been hotter. In fact, 22.5 percent of companies that sell subscription boxes...
Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularised in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop

Our Services

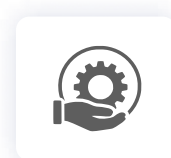

Providing Best Service solutions overall GCC and African markets.

DGM's products are now available in 75 countries and regions, and a large customer base needs strong after-sales service support.

DGM provides customers with 360° all-round service, which is not only reflected in pre-sales service, helping customers understand products, improving customers' trust in products, and understanding customers' individual needs, etc.; but also reflected in after-sales service all over the world. The after-sales team with more than one hundred people and professional online services are the top priorities of Degang Machinery's services. Careful and professional services have opened the gap between DGM and other carton converting equipment manufacturers.

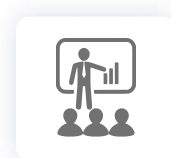

Main Services

Technical Services

Our technical service runs through every aspect of pre-sales and after-sales. according to the different characteristics and expectations of each customer, we provide you with personalized suggestions and customized services.

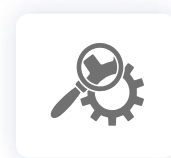

Training

DGM experts can conduct different trainings in DGM training center or customer production workshop. We help your employees better understand DGM equipment to ensure high productivity.

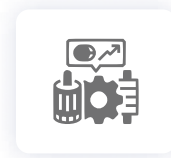

Technical Services

Our technical service runs through every aspect of pre-sales and after-sales. according to the different characteristics and expectations of each customer, we provide you with personalized suggestions and customized services.

In-depth inspection and maintenance

We talk about your equipment, through detailed and accurate measurement and inspection. We provide you with all the equipment improvement, repair and maintenance information. Through our maintenance work, we can predict potential problems, help your equipment run smoothly and reduce downtime.

Spare parts and consumables

DGM has a neat and orderly storage of spare parts; all parts are in full compliance with quality standards, ready to be delivered to all parts of the world at any time. We guarantee the shortest delivery time and the best quality. Each spare part will be accompanied by spare part installation instructions

Equipment improvement and optimization

In order to provide our customers with the best quality equipment, DGM has never ceased to devote itself to product development and updates. More than 30 years of experience enables us to provide the most professional improvement and optimization for your equipment according to your specific job.
